

EVAN SENDE

Hello! I'm Evan, a Designer and Front-End developer based in Paris. i use softwares like Photoshop or Xd since more than 5 years. I have always loved the graphics' universe and it helped me a lot when starting coding for websites. I enjoy also develop useful platforms during my spare time with React React and it allows me to progress and make people's routines easier. You can check out some of my work below and even check my latest releases on GitHub!
